

Buildings & Grounds

- Continued water in the basement during heavy rains. Gary has used pump as needed to clear water. Terry noticed gutter downspout nearest to generator is leaking/overflowing during heavy rains. Gary will check to see if junction is plugged. Slates under that downspout also need to be sloped away from the building.
- Ramp door outside is increasingly rusty – needs painting, or planned future replacement.
- Outside sculpture is in need of scraping and painting.

Staff & Volunteers

Thank you to all of the staff and volunteers who help keep this library running and looking beautiful. Special appreciation to those who stepped up to assist in the transfer of management: Trustees Michele Smith-Link, Margaret Allen, and Carole George, staff Gary and Donna Snyder and especially Terry Facklam. Thank you, also, to the Trustees and Friends of the Library who are aiding us in hosting popular weekly programs for the kids. We couldn't have a successful Summer Reading Program without all of you!

Respectfully submitted,
Ellen Gagné
Interim Library Manager
